A NOTE FROM OUR PRESIDENT

For 50 years our military has participated in an exercise called UNITAS. This year for the first time, UNITAS Gold was held in the United States at Mayport Naval Station. I had the wonderful opportunity to fly onboard the USMC's MV-22 OSPREY. The MV-22 OSPREY is a multi-mission, military tiltrotor aircraft with both a vertical takeoff and landing and short takeoff and landing capability. It is designed to perform missions like a conventional helicopter with the long-range, high-speed cruise performance of a turboprop aircraft.

The professionalism, the patriotism, the courteousness and attention to detail of all the military involved in this event was amazing. From the welcome we received by the Admiral, the history and happenings of UNITAS, the briefing and safety regulations on the MV-22, to our actual boarding and flight - it was all fantastic.

The men and women of the United States military put their lives on the line every day so that we may have the freedoms we've become accustomed to. Spending those couple hours with a few of them made me appreciate their efforts even more. I thank them for their service to our country.

ATLANTIC LASER INTRODUCES LATEST COMPATIBLE CARTRIDGE

Atlantic Laser is proud to introduce the latest in our line of compatible toner cartridges, the Ultra Print C35A (compatible with the HEW CB435A) for use in the HP Laserjet P1005 and P1006 printers. This cartridge has gone through rigorous testing to ensure the quality of the print is reflective of the high standards you have become accustomed to with other cartridges in the Atlantic Laser Ultra Print and Pure Print lines.

Guaranteed to meet OEM quality standards, each Ultra Print toner cartridge begins with a recycled plastic shell, and contains a new printer drum, new toner and other reconditioned or replaced parts.

The Atlantic Laser Ultra Print C35A toner cartridge is currently available for \$45.00.

SWEET TREAT OFFER
